Re: Sale of Surplus Property

INTRODUCTION: The City is reviewing all city owned properties and disposing of those there is no use to the City.

BACKGROUND: As a part of the Mad Creek Levee Improvement Project, the City of Muscatine acquired a permanent easement from the property owner of the apartment building located adjacent to mad creek and City owned real estate. The property owner lost several parking spots due to the easement and to make the property owner whole the City paved a portion of City owned property and allowed the adjacent property owner to use the area for parking. The City no longer has a use for the city owned property and it is recommended that the property be sold to the adjacent property owner at a price no less than \$300 to cover expenses. The new property owner will pay taxes on the property going forward.

RECOMMENDATION/RATIONALE: It is recommended that City Council sell the city owned property to the adjacent property owner at a price to cover expenses.
