DATE: August 31, 2017
RE: Art Center sidewalk repair

INTRODUCTION:

Building and Grounds Maintenance staff is wanting to issue a PO for sidewalk repair at the Art Center.

BACKGROUND:

During the Art Center HVAC replacement and other miscellaneous repair projects concrete was damaged by contractors. Crawford credited back to the city \$13,425 for the damage caused by themselves and their sub-contractors. There was also a credit back from Northwest Restoration for damage they caused during tuck-pointing and sealing the outside of the building in the amount of \$3,000. This brings the total to \$16,425. A quote from the City General Contractor BMW Builders II was received for the repairs at a total cost of \$16,200.

RECOMMENDATION/RATIONALE:

City Staff request the approval of the Quote from BMW Builders and issue a PO for the concrete repairs. The repairs will cost less than the credited amount.
