MEMORANDUM

To: Mayor and City Council Members

CC: Gregg Mandsager, City Administrator
Brian Stineman, Public Works Director

FROM: Amy Fortenbacher, Transit Supervisor

DATE: May 15, 2018

RE: Request to Purchase Conversion Van for MuscaBus

INTRODUCTION:

MuscaBus would like to purchase a conversion van to use for the JARC evening route to expend FTA funds that will otherwise be lost.

BACKGROUND:

The FTA operating assistance fund amount is set every year through our consolidated funding application with the state. This past year, MuscaBus has had JARC and New Freedom funding available as well. We have also had a year with lower operating costs than usual due to lower gas prices and less maintenance. When we combined the JARC and New Freedom funding with the lower operating expenses, we have not been able to request all of the FTA operating assistance we have been granted. We have an approximate amount of \$50,000 that we can use for a capital purchase. The FTA will allow us to make a purchase with a 20% local match.

RECOMMENDATION/RATIONALE:

It is the recommendation of the Public Works/Transit staff to approve the request to issue a purchase order for an 8 passenger conversion van to Hoglund Bus Co. for total purchase price of \$61,481.00. Additional costs to place the van in service are estimated at \$1,950.00. The City's share would be \$12,690.00. The conversion van would be used for our JARC service that runs at night. We usually do not have enough passengers to fill a bus. The conversion van would lower our operating cost for this service with less fuel being used. We would also be able to use it for small groups of passengers with our Paratransit service.

BACKUP INFORMATION:

Conversion van specifications and quote from state bid list

"I remember Muscatine for its sunsets. I have never seen any on either side of the ocean that equaled them" — Mark Twain
