Refuse Collection

Introduction:

The City of Muscatine and City of Fruitland have been in a contract agreement for services provided by the City of Muscatine's Refuse Collection for refuse and recycling collection in Fruitland, Iowa since 2009. The City of Fruitland would like to enter into an agreement with the City of Muscatine for five years for refuse and recycling services beginning July 1, 2011.

Background:

The City of Fruitland requested proposals from several private haulers and the City of Muscatine in the spring of 2009 with Muscatine being awarded the contract to provide refuse and recycling services. This service contract has been in place since July 2009.

The new contract will be a five-year contract with potential to renew for two, one-year renewal periods. The language in the contract is updated to include curbside recycling collection services provided by Allied Waste.

Recommendation:

It is staff's recommendation that the City of Muscatine and City of Fruitland enter into a 28 E Agreement contract for services beginning on July 1, 2011 – June 30, 2016. Cost per household is \$20.00 and billed to the City of Fruitland each month. There is no senior citizen discount for their residents. Each year the cost per household will change to reflect the charges of the City of Muscatine's regular residential refuse collection fees per household.

Revenue from the City of Fruitland is approximately \$78,000.00 per year and is budgeted in the Refuse Collection budget.

The City of Fruitland will be approving this contract at their May 10, 2011 council meeting.

REFUSE COLLECTION SERVICES CONTRACT
