Subject: Agenda Item

AJ,

Please place on the city council agenda for the next regular meeting (May 21st) a request to declare unit 717, a 2006 Chevrolet Trailblazer as surplus. This vehicle was originally purchased by the drug task force for drug task force use. It is titled to the City for insurance and maintenance purposes. The Drug Task Force would like to trade this vehicle on a new purchase. The new purchase balance will be 100% the responsibility of the Drug Task Force. The new vehicle will be once again titled to the City of Muscatine and insured and maintained by the City. At this time, I do not know what make or model the new vehicle will be.

Let me know if you have any questions.

Thanks,

AC Mike Scott
