

MEMORANDUM

TO: A.J. Johnson, City Administrator

FROM: Lavene K. Payne, Solid Waste Manager

RE: Spring Cleanup Week

DATE: February 27, 2006

We would request Council officially set Spring Cleanup Week for the week of April 24-28, 2006. April is "Keep America Beautiful Month". In the past we have had Spring Cleanup Week coincide with "Keep America Beautiful Month".

As in the past we will have the equipment and crews from the Roadway Maintenance Division to help with the large items on this project. Also, we will need extra people to work with our regular sanitation crew so we can have all five garbage trucks running and two loaders per truck. We will run ads in the newspaper, have spot announcements on the local radio stations, run the ad on cable TV, and make posters to put in local supermarkets and other area businesses. Our ads will emphasize the availability of dumpsters for cleanup projects.

As established last year, we will have a limit of eight tires and four appliances per household.

If you have any questions or comments, please contact me.
