

# City of Muscatine

## MUSCATINE CITY COUNCIL

### Agenda Item Summary – Regular Meeting

Date January 20, 2022

#### STAFF

---

Brian Stineman, Public Works Director

#### SUBJECT

---

Request for Approval of a Purchase Order for the Purchase of a 40,000 Pound Gross Vehicle Weight Single Axle Dump/Plow Truck.

#### EXECUTIVE SUMMARY

---

Presented for City Council's consideration is a request to approve a purchase order to Bonnell Industries in Dixon, Illinois in the amount of \$196,864.85 for the purchase of a 2022 Freightliner, 40,000 pound gross vehicle weight, single axle dump/plow truck, with front two-way snow plow, 10 foot underbody plow, and 10 foot stainless steel dump body.

#### STAFF RECOMMENDATION

---

Approve the purchase order to Bonnell Industries for \$196,864.85.

#### BACKGROUND/DISCUSSION

---

Due to supply chain issues large vehicles are in scarce supply and we are being told by our vendors that dealerships will not have any large trucks available for purchase until early 2024. With this knowledge, several suppliers have purchased truck chassis and outfitted them with dump bodys and plow systems on speculation that they would be able to sell them to state and local governments. The city has an opportunity to reserve a brand new 2022 Freightliner 40,000 pound G.V.W. chassis outfitted with snow removal equipment and a dump body if we can issue a purchase order for it by the end of January. This chassis is in-stock at Bonnell Industries in Dixon, Illinois and the plow, dump body, and hydraulic systems will be built to city specifications and delivered to the city in May of 2023. This vehicle will replace a 2000 GMC 38,000 G.V.W.

#### CITY FINANCIAL IMPACT

---

Funding for this vehicle replacement was requested by the PW Dept in the 2022-2023 budget cycle. According to the Finance Director these funds can be moved forward to purchase this vehicle. Due to lack of equipment availability, it is recommended that we move the funds to the revised budget to procure this equipment before it is unavailable.
