Request to Install Permanent 3-way Stop Signs at the Intersection of Fulliam and Kindler Avenues

EXECUTIVE SUMMARY

Request to install permanent stop signs at the three way intersection of Kindler and Fulliam Avenues

STAFF RECOMMENDATION

Approve the request

BACKGROUND/DISCUSSION

The Muscatine Traffic Committee has received a request from the Muscatine Community School District to permanently install stop signs at the intersection of W. Fulliam and Kindler Avenues. Based on our investigation of the matter, it is the opinion of the Traffic Committee that a three-way stop at this intersection is warranted and should be permanently installed.

A notification letter was sent to residential properties located within a 500-foot radius of the intersection. If approved, these signs will be the lighted, flashing stop signs currently in use at 8th and Broadway. After six months, the signs will be replaced with regular non-flashing stop signs.

CITY FINANCIAL IMPACT

Costs for the signs can be absorbed in the Traffic Control Budget
