

CITY OF MUSCATINE
REGULAR CITY COUNCIL MINUTES
Council Chambers – 7:00 p.m. – February 20, 2014

Mayor Pro Tem Phil Fitzgerald called the City Council meeting for Thursday, February 20, 2014 to order at 7:00 p.m. Councilmembers present were Rehwaldt, Fitzgerald, Natvig, Shihadeh, Bynum, Phillips, and Spread.

The meeting began with the Pledge of Allegiance.

Joni Axel, Community Program Manager for the Blue Zones Project, gave an update on activities to date. She stated the City of Muscatine has received its Blue Zones Worksite Designation and its Complete Streets Policy was named eighth in the nation. She stated there are three projects underway having to do with food that include community gardens, outdoor dining in the city this spring, and healthier food choices at the concession stands at Kent Stein, the Soccer Complex, and Aquatic Center. She stated there are currently ten designated Blue Zones Worksites, two designated restaurants, and two designated grocery stores in our community. She ended by stating Blue Zones currently has 3,232 people taking pledges and the goal is to have 3,564.

Councilmember Natvig stated it sounds like Blue Zones has a lot of momentum going, and Ms. Axel stated it does.

Ann Meeker, representing the Muscatine Downtown Investors, stated she was present to give a brief update on the proposed Hotel/Convention Center Project. She stated she wanted to make City Council aware of a new program passed by legislators last year. She stated she feels this program could help move this project forward.

Ms. Meeker stated there is a pre-application that must be signed by the city. She stated the submission date is March 1-15, 2014. She stated the final application will follow the pre-application. She stated there is a strong possibility the Iowa Economic Development Authority Board will award funds to those who submitted a complete pre-application.

Ms. Meeker then explained what the city's responsibility will be in this process. She stated that upon formal approval by the IEDA Board, a municipality may adopt an ordinance establishing a reinvestment district.

Ms. Meeker stated an eligible project is a vertical improvement constructed or substantially improved within a district. She stated the project is required to include tax revenues generated by retail establishments but they cannot exceed 50% of the total proposed capital investment. She stated that at least one of the new proposed projects within the district must reach a total capital investment of \$10 million to be eligible in this program. She stated the total amount of new tax revenues to be remitted to the city cannot exceed 35% of the total cost of all proposed projects in the district plan. She stated monies for the program come from a portion of sales tax and the hotel/motel tax generated by the project.

Ms. Meeker handed out the information for the pre-application. She stated she will be back at the March 6, 2014 City Council meeting to make a full presentation and to answer Council's questions. She stated a majority of the information in the pre-application will be provided by the Muscatine Downtown Investors.
