RE: Set Public Hearing for East 2nd Street and Mulberry Roundabout

INTRODUCTION:

The project final design has been complete for some time and the project has been delayed due to one specific property owner. This property owner has signed the agreement and the city is anticipating getting possession of the property on August 1, 2019. This project is going to be let locally by the city. The first step of the process to get this project built is to have a public hearing. The plans are on the city's web site. The project cost estimate is \$1,950,000 to \$1,850,000. Because of the planned 2nd Street improvements and the underground utilities staff wishes to start this project this fall as close to the August 1, date as possible.

BACKGROUND:

This project is anticipated to follow the schedule below:

Set Public Hearing	June 20, 2019
Have Public Hearing & Approve Plans and Specs	July 3, 2019
Release plans for bidding	July 5, 2019
Open Bids	July 25, 2019
Recommend Award to City Council	August 1, 2019
Approve Contract and Bond	August 15, 2019
Start Construction (tentatively)	September 01, 2019

RECOMMENDATION/RATIONALE:

Staff recommends that council approve the resolution to set the Public Hearing. The project development team will do the construction management for the city. This will save the city an estimated at \$150,000 in consultant costs.
