Re: Resolutions for Internal Advances of TIF funds (3)

**Introduction and Background:**

Cities in Iowa are required to certify the amount of TIF funds to be claimed for each TIF district no later than December 1 of the year prior to the fiscal year for which the funds will be collected. The City must have incurred debt in order to claim the TIF funds to be certified. Debt certified can be in the form of general obligation bonds, tax increment revenue bonds, TIF rebate agreements, or internal advances (loans). In recent years the City has claimed less than the full amount of incremental taxes available in each of the TIF districts.

**TIF Debt Certification Resolutions:**

For the upcoming 2015/2016 fiscal year, the following three internal advances (loans) are proposed to be established:

1. Internal advance for TIF administrative and professional support costs in the amount of \$116,500. This internal advance will fund City staff costs for TIF administration and economic development efforts as well as outside legal fees related to TIF administration. City staff costs reflect allocated costs of the City Administrator, Community Development Director, City Planner, Community Development Coordinator, Finance Director, Public Works Director, and City Engineer. Fiscal year 2015/2016 will be the fifth year the City has claimed TIF funds for administrative and professional support costs.
2. Internal advance for the City's budgeted allocation to the Greater Muscatine Chamber of Commerce and Industry (GMCCI) for economic development activities in the amount of \$38,000. Fiscal year 2015/2016 will be the fifth year the City has claimed TIF funds for the GMCCI economic development activities.
3. Internal advance for the City's Small Business Forgivable Loan Program for the fiscal years 2014/2015 and 2015/2016 for total amount not to exceed \$200,000 (\$100,000 annual allocations). The City Council amended the Urban Renewal Plan on September 4, 2014 to include this new program. Use of tax increment funds for this program will provide forgivable loans to private

businesses for the promotion of infill, redevelopment, and facilities enhancements in certain designated areas of the City.

In order to claim TIF funds for these purposes, resolutions are needed for each of the three internal advance loans listed above. It is proposed these three internal advances totaling \$354,500 be funded from the Southend TIF fund.

**Recommendation:**

Funding the above items from TIF funds should again assist during the upcoming budget process in the City's ability to continue to provide funding for General Fund services and also provide economic development assistance to small businesses in designated areas of the City.

Please include the attached three resolutions on the agenda for the November 6, 2014 meeting. If there are any questions or if any additional information is needed, please contact me.
