Re: Pre-Annexation Agreement – Ripley's Development Corp. & Ripley's, Inc.

INTRODUCTION: In 2009, the City voluntarily annexed two parcels of property referred to as the Bermel/Ripley property. As a part of the pre-annexation agreement with the owners, the City agreed to assist the owners in their efforts to extend sanitary sewer to serve the Ripley's Mobile Home Park. To that end, the city has participated in discussions with the IDNR, secured a planning & design funding through the SRF, participated in the submission of 2 separate CDBG applications, and evaluated the construction of a force main sewer or a gravity sewer to serve a larger area.

BACKGROUND: The discussions have progressed to a point where the sewer project has grown beyond serving only the Ripley's property, to a point where the construction of a gravity sewer that would serve a much larger area of approximately 1,200 acres. The design and installation costs are expected to be retired through the one-time up-front payment of \$400,000.00 by Ripley's, development of a benefit district that will require future connections to pay a connection fee based on the acreage served, taxes generated by the voluntary annexation of Ripley's to the City of Muscatine, additional road use taxes generated by the increase in population, and the donation of easement necessary to build the sewer. Preliminary discussion with property owners that are directly affected by the sewer extension has resulted in their informal agreement to voluntarily annex to their property into the city and donate the easements necessary for the construction of the property. Those negotiations are continuing and will be formally presented to the City for approval as a part of the voluntary annexation of Ripley's in accordance with the pre-annexation agreement. Any future requests to connect to the sanitary sewer will be tied to voluntary annexation.

RECOMMENDATION/RATIONALE: It is recommended that the City Council approve the Pre-Annexation with Ripley's as attached hereto.

MEMORANDUM

To: Mayor and City Council Members

CC: Gregg Mandsager, City Administrator

From: Andrew Fangman, City Planner

Date: January 3, 2013

Re: Voluntary Annexation- City of Muscatine - Voluntary Annexation– Ripley's Mobile Home Park and Areas Located Along the Extension of the Mad Creek Sewer - 2 Portions – Approximately 400 Acres- Resolutions to Approve Annexation

INTRODUCTION: The voluntary annexation of approximately 400 acres encompassing Ripley's Mobile Home Park and parcels crossed by or near the extension of sanitary sewer to Ripley's Mobile Home Park has been proposed.

BACKGROUND: The City of Muscatine has entered into an agreement with Ripley's Development Inc. to extend sanitary gravity sewer from Park Avenue West to Ripley's Mobile Home Park. The mobile home park is under court order to modify their existing failing lagoon system to meet regulations established by the Iowa Department of Natural Resources. Options to extend this sanitary sewer were reviewed, including a pump station, but the recommendation from staff and engineers focused on utilizing gravity flow to the existing Mad Creek line. This agreement also included a voluntary annexation agreement covering Ripley's Mobile Home Park. Voluntary annexation agreements have also been signed with four other property owners whose properties the new sewer line will flow through or could easily serve. This annexation will add 400 acres, 24 parcels, and 865 people to the City of Muscatine.

Streets within Ripley's Mobile Home Park will remain private and the responsibility of Ripley's Development Inc, after completion of this annexation. The City of Muscatine will provide Ripley's Mobile Home Park a single connection to the extended sanitary sewer line. Sewer lines within the mobile home park will remain the responsibility of Ripley's Mobile Home Park. Upon annexation the City of Muscatine will begin providing the annexed area with police, fire protection, and garbage/recycling collection services.

The application was reviewed and recommend for approval by the Planning and Zoning Commission at their November 13, 2012 meeting. A public hearing on the proposed annexation was held on January 3, 2013.

The proposed voluntary annexation area is split into a western portion and an eastern portion by the existing boundaries of the City of Muscatine, for this reason this annexation will require two separate resolutions, one for each portion.

RECOMMENDATION/RATIONALE:

It is therefore recommended that the City Council approve the attached resolutions annexing approximately 400 acres of real estate encompassing Ripley's Mobile Home Park and other specified areas located along the extension of the Mad Creek Sewer
